*You are cordially invited*

## **2017 Legislative Special Session Report Outcomes and Implications for Child Well-Being**

*Wednesday, June 7, 2017*

*3:30 – 5:00PM*

*Albuquerque Community Foundation*

*624 Tijeras Ave NW*

*Albuquerque, NM 87102*

New Mexico Voices for Children (NMVC) welcomes you to a gathering of friends to review the outcomes of the 2017 Special Legislative Session.

Presenters: James Jimenez, *NMVC Executive Director*

Bill Jordan, *NMVC Senior Policy Advisor and Government Relations Officer*

Join NMVC staff and board members for an engaging discussion about the implications of the special session for New Mexico's children and families. Learn more about our strategies and tactics in advocating for children during the regular and special sessions, the bills we supported, updated statistics on the status of well-being of New Mexico's children, and about upcoming opportunities to engage, collaborate and support our work to improve the health, education, and economic security of New Mexico's children and families.

Given the uncertainty of the current political landscape, NMVC is working to fortify our network of partners and supporters. We invite your ideas on how to strategically build our network to have a statewide presence and enable unfettered ability to advocate for the policies we know are essential for our state to thrive.
